City of Buckeye Municipal Ordinance Section 10-1-2-C-7 authorizes issuance of a extended hours variance for noise resulting from construction work, that can be heard in any residential zoned area or district within the City of Buckeye if the construction work hours are other than the following: **One (1) hour prior to sunrise and ends at sunset, Monday through and including Saturday.**

Subject to the following exceptions:

- a. The police chief or authorized designee may issue a written permit providing exemption from the time restriction above, in the event of emergency affecting public health and safety, for a period not to exceed thirty (30) days to resolve.
- b. By application to the development services director or authorized designee prior to the work beginning as described in City of Buckeye Municipal Ordinance Section 10-1-2-C-7, and upon determination by the city manager or authorized designee that (i) public safety will not be impaired by the noise ordinance variance and (ii) loss or inconvenience will not be experienced by any party in interest, the city manager or authorized designee may grant a written variance providing exemption from the time restriction above.

I hereby request a written variance providing exemption from the City of Buckeye Noise Ordinance time restriction of *One (1) hour prior to sunrise and ends at sunset, Monday through and including Saturday*, as applicable to the above project and following start date(s) and time(s) and end date(s) and time(s):
