

Bulk trash is a quarterly service, offered to help you dispose of bulky items too large for the trash can. This service is not for construction or demolition debris. For a full description of acceptable items, please see below. The City of Buckeye code, chapter 9, is available online at [municode.com](http://municode.com).

Please note: All residences in Buckeye must have a current sanitation account with the city. Bulk trash service is only available within the city jurisdiction.

- Placement time: Place materials out the **night before** service. Materials may be out as early as the weekend before service. §9-2-4-B. & C
- **Never place bulk trash in an alley** §9-2-4-E
- Bulk piles may be no larger than **6' x 6' x 6'**. You are responsible for waste over this amount.
- Place items in a **NEAT** pile. Tree limbs, branches, and palm fronds must be **bundled (stacked and tied)**, or contained in an easily handled bundling material such as a tarp, sheet, or box. Small items must be bagged. §9-2-4-L
- Place the pile at the **front edge** of your property, parallel to the curb, not on the sidewalk, street, or right-of-way or near an obstruction. §9-2-4-E
- If your home has no street-front, place your pile at the end of the nearest HOA landscaped area, NOT in the road or sidewalk.
- Do not place the pile near a fixed object, or in any way that may interfere with motor or pedestrian traffic. §9-2-4-F
