

Your home was recorded as requesting an extra free trash cart. Now is the time to review and determine if this cart is still needed.

Below is important news you can use from the City of Buckeye Public Works Department. In this issue of the Buckeye Public Works News Notice:

- "COVID" Trash Carts
- Do You Need an Extra Trash Can?

1. "COVID" Trash Carts

With the "Stay Home, Stay Healthy" Governor's Executive Order in March, residential trash generation increased by almost 30%. To assist in trash storage and removal, the City of Buckeye and Republic Services teamed up to offer an extra trash can at no charge. The Governor issued Executive Order 2020-36, "Return Stronger", on May 12, 2020, which rescinded the "Stay Home" order, but the city delayed collection of the extra trash can.

The extra "COVID" trash can program has now ended. Each family should review their need for the extra can. If you would like to add this can to your account please know it will cost \$13.83 per month, or you may schedule to have the extra can collected.

**Please call the City of Buckeye Customer Service this week at
(623) 349-6100
to update your account regarding this can or schedule collection.**

2. Do you need an extra trash can?

The 96 gallon trash carts should support four or five people in a home with regular weekly service. All trash should be bagged, and all bags tied so that bugs may not access the trash. The trash cans should be closed when placed out for collection.

- If your trash cart does not close when placed out for service, you may need a second can.
- If you have more people in your home, you may need a second can.

Please contact customer service at (623) 349-6100 to add the extra trash can to your account. If it is no longer needed, please call to schedule collection.

[How are we doing?](#)

Please rate Public Works trash and recycle service, cart delivery, and communication.

Please see buckeyeaz.gov/trash for more information, and thank you for your assistance as we all work together to:

Help Keep Buckeye Clean

Please let us know how we may assist you.

Sincerely,

Robert van den Akker
Public Works Department, Environmental Manager
